BEGIN THE JOURNEY

This New Year, join the George & Dragon, Chipstead on our around the world in 180 minutes gala dinner.

The world has changed a lot since Phileas Fogg first set out to travel the world in 80 days. It can now be circumnavigated with one stop in a little over a day. Impressive, but without stopping in beautiful countries to taste amazing food, where is the fun in that.

We aim to take off and land well before midnight allowing you time to charge your glass and welcome in the New Year before dancing the night away till 1am.

As it is a gala dinner we will be starting our journey at 8pm so arrive early for drinks by all means but don't miss take off, or we will have to leave you and your bags outside in the car park.

Tickets are limited so don't leave it too late to book, we expect it to be a very popular night!

Passports at the ready we will transport you to Morocco for the start of this around the world journey, before whisking you off to Israel, India, Vietnam, New Zealand, USA, England, Paris and our final leg back to Morocco or your own home if you prefer!
